Script

Slide 1: Welcome (Narendra Kumar)

Welcome

Good evening, everyone, and welcome to our awareness webinar on the occasion of International E-Waste Day: **"Electronic Waste Management"**.

Thank you so much for joining. I'm Narendra, your host, and I'm glad to be interacting with you all today.

Before we dive into today's session and meet our speakers, a quick note. All of you are muted by default to keep the session running smoothly. If you have any questions, please drop them in the chat box. Soon after the session, we will take up the relevant questions and our speakers will answer them.

About Recykal

This webinar is brought to you by Recykal. Recykal brings businesses together with the people and systems that collect, trade and recover materials. Our platforms support sourcing, traceability and end-to-end supply chain operations.

Our suite of digital solutions spans Extended Producer Responsibility (EPR), marketplaces, Deposit Refund Schemes (DRS), and AI and IoT-enabled waste management solutions. We support businesses across the waste management and circularity ecosystem.

Beyond implementation, we actively engage with the evolving sustainability landscape, including regulatory frameworks and industry developments. We aim to contribute to informed conversations on EPR, compliance and the transition towards a circular economy.

Our work has received national and global recognition, including the National Award for Digital India 2022 for our digital Deposit Refund System initiative, and a place among Fast Company's Most Innovative Companies of 2023.

Recykal is also backed by reputed investors, having raised over $68 million to date, with support from institutions including Morgan Stanley, and is guided by prominent industry leaders.

As we discuss EPR in the context of Polycab today, we look forward to exploring how regulatory requirements can translate into effective implementation and outcomes.

Agenda

Since we are marking International E-Waste Day, today's discussion will focus on understanding e-waste and the importance of managing it responsibly.

1. Categories of e-waste and the current challenges in managing it
2. National and international e-waste policies
3. An overview of the e-waste recycling process
4. An interactive Q&A, where you can raise your questions and engage further with the topic

Speaker introduction

To take this session forward, I invite Dr. Swati Singh.

Dr. Swati Singh is the Lead for Sustainability Solutions at Recykal. She holds a doctoral degree in Environmental Science and Engineering from IIT Bombay and a Mitacs Globalink Research Award (Canada). Dr. Swati has expertise in waste management, extended producer responsibility, material characterization, wastewater treatment and sustainable solutions.

At Recykal, she is a driving force behind sustainability programs, circularity initiatives and strategic partnerships. She has led baseline studies on marine litter and waste management in Trivandrum and Goa, India, to promote disruptive waste collection systems and policies.

Slides 2 to 29: Presentation (Dr. Swati Singh)

Dr. Swati Singh presents from her own slides. The source script holds no text for these slides.

Slide 30: Handover to Mr. Kalpesh Kothari (Dr. Swati Singh)

Dr. Swati Singh hands over to Mr. Kalpesh Kothari, Chief Manager, Environment, EPR & Sustainability, Polycab India Limited. The source script holds no wording or talking points for this handover or his segment.

Slide 31: Quiz (Narendra Kumar)

Now we have a short quiz for everyone. Simply scan the QR code on the screen to access and attempt the quiz.

You will have **5 minutes** to complete it. Once the quiz closes, a live leaderboard will be displayed shortly, showcasing the top performers. The winners will also receive certificates of achievement.

So scan the QR code, participate, and give it your best shot. All the best, everyone.

The quiz is now open. You may begin.

Slide 32: Vote of thanks (Narendra Kumar)

As we come to the end of today's session, I would like to thank everyone who made this webinar possible.

A sincere thank you to **Dr. Swati Singh** for sharing her knowledge and insights on electronic waste management and its regulatory landscape.

I would also like to thank **Mr. Kalpesh Kothari, Chief Manager, HSE, Polycab India Limited**, for joining us and sharing his perspectives on this important subject.

A special thanks to **Ms. Vaishali Patel, Deputy Manager, HSE, Polycab India Limited**, for coordinating with the Recykal and Polycab teams and helping bring this session together.

We hope this session has given you useful insights into e-waste management and the role each of us can play in enabling more responsible waste management practices.

With that, we conclude today's webinar. Thank you once again for your time and participation. Have a great day.

Open points to confirm

- [ ] Mr. Kalpesh Kothari's title differs between slide 30 (Chief Manager, Environment, EPR & Sustainability) and slide 32 (Chief Manager, HSE). Which should be used in both places?
- [ ] Webinar date, start time and total duration are not in the source.
- [ ] Talking points for Mr. Kothari's segment (slide 30), and the handover wording from Dr. Swati Singh.
- [ ] When the quiz leaderboard is shown and who announces the winners.
